

GEN AI AND OTHER DIGITAL TOOLS

Course Outline: Enhancing Teaching with Artificial Intelligence (AI)

This course is designed for teachers with little to no prior experience in Artificial Intelligence (AI) or digital educational tools. It offers a structured and supportive introduction to the use of AI in education, enabling participants to build knowledge and confidence from the ground up.

Course Objectives

To develop a foundational understanding of the application of AI in language teaching and cross-cultural subjects, requiring no previous experience.

To equip participants with the skills and confidence to select and use digital tools to design and deliver engaging, interactive, and student-centred lessons.
